

Instructions for Use
EP-3040
EP-3045
Cord Strap Dispensers

Make sure the unit is standing upright. Release the clamp and remove the front disk.

Lift brake arm and load cord roll onto the spindle.

Release brake arm and reload the front disk and the clamp on the spindle.

Make sure cord is secure between the two disks.

Feed cord through the brake arm. The EP-3040/3045 is now ready to use.
